CK2P0-7E5P

Overview

Enjoy the freedom of wireless connectivity with the long range V7 Wireless Keyboard and Mouse Combo. This 2.4 GHz multimedia keyboard and optical mouse w/ nano receiver allows you to work up to 20 feet from your computer. It is designed to eliminate the clutter of wires for great convenience.
This sleek keyboard, with its space saving layout, enhances desk space. 8 one-touch keys make it easy to control multimedia and frequently used keys.
Quick and simple to set up, your keyboard and mouse will perform as reliably as any corded product.
A 1000-dpi optical mouse responds instantly, tracks precisely, and provides maximum wireless freedom. You´ll love the combination of quality, comfort, convenience, and style.
The V7 Wireless Keyboard and Mouse Combination with Hot Keys is an elegant and sleek desktop set that reduces the number of USB ports requirements and optimizes your work space. With a roomy full-sized keyboard, contoured laser mouse, and single point wireless receiver that connects them both to your computer, you've got convenience and control comfortably at your fingertips.
There is no software installation required, just a simple connection. Plug it in and enjoy excellent performance and a comfortable feel - and overall, an unbeatable value!
Technical Details
V7 couples guaranteed quality with aggressive pricing to provide you with the tools you will need to make an intelligent buying decision. A few points on why you should consider the V7 Wireless Keyboard and Mouse Combination with Hot Keys:
Comfortable Keyboard:
The V7 Wireless Keyboard is a compact sized keyboard designed for comfortable typing. Concaved keys with softly rounded edges let your fingers glide from key to key for hours after hours of typing comfort. The powerful 2.4 GHz wireless keyboard and mouse has one small receiver to give you a reliable connection without delays or dropouts.
Hand-friendly Mouse with Precision:
Contoured optical mouse with soft rubber side grips provides for smooth, accurate cursor control. The optical mouse is smooth and accurate on just about any surface and has a scroll wheel for greater productivity. Its slim and lightweight form factor offers convenient portability and handling, while the full-featured wireless mouse functionality provides familiar control and precise manipulation.

Plug it in and Forget it:
The V7 Wireless Keyboard and Mouse Combination include one small unifying receiver to connect the keyboard, mouse and other compatible devices to your computer. No need to tie up your USB ports with multiple receivers. Leave it plugged in your computer so your keyboard and mouse are always ready to go. It works with Windows 2000/XP/Vista/7.
One Touch Hot Keys:
Hot Keys provide an easier and usually quicker method of navigating and using computer software programs. A user-defined hot key sequence executes a command or causes the operating system to switch to another program. Many hot keys allow you to press a defined key to execute a command such as bringing up a browser, opening My Computer, defaulting to the desktop view, a Windows calculator, and more. The V7 keyboard can help you learn the shortcuts and improve your speed in using particular applications and give you quicker access to software program features not visibly otherwise.

Specification

V7 Model #	CK2P0-7E5P
